

Aussie Speculative Fiction- Review Policy

We love supporting Australian authors who write speculative fiction. However, although we would love to read every book that's presented, we simply don't have the resources.

We have a number of reviewers at Aussie Speculative Fiction. Before submitting your work, please read all requirements and the specific genres each reviewer specialises in. Submission requests that do not follow the guidelines will not be considered.

To submit your book for review, email aussiespeculativefiction@gmail.com. Please use "Review Request: [book title]" as your subject line, and ensure that the following items are included in your query email:

- Your name and the title of your book
- A confirmation that you are either a citizen or resident of Australia
- The genre of your book (it needs to fit within a broad speculative genre eg. Science fiction, fantasy, dystopian, alternative history, apocalyptic etc.)
- Which reviewer you'd prefer to read your book (see reviewer profiles below)
- Blurb
- Cover image
- Links to your book on Goodreads and Amazon.
- The first chapter of your book in PDF format

Your request will be forward to your selected reviewer and we will be in touch if we decide to review your book.

Thanks!

The Aussie Speculative Fiction Team
